"Wine will be served at all diplomatic banquets where the secretary of state is host," said Mrs. Lansing. "Neither Mr. Lansing nor I am an extremist in the advocacy of temperance."

HOW TO CLEAR AWAY PIMPLES

Bathe your face for several minutes with resinal soap and hot water, then apply a little resinal ointment very gently. Let this stay on ten minutes, and wash off with resinal soap and more hot water, finishing with a dash of cold water to close the pores. Do this once or twice a day, and you will be astonished to find how quickly the healing resinal medication soothes and cleanses the pores, removes pimples and blackheads, and leaves the complexion clear and velvety.

Resinol ointment and resinal soap stop itching instantly and speedily heal skin humors, sores, burns, wounds and chafing. Sold by all druggists.

SOAP FOR BABY'S TENDER SKIN

The regular use of resinal soap is usually enough to prevent those distressing rashes and chafings to which most babies are subject. This is so, first because resinal soap is absolutely pure and free from harsh alkali, and second because it contains the resinal medication, on which so many physicians rely for skin troubles.
